

## Maximize Snacking Potential with Fresh Table grapes.

These **easy to open** cups are ready to eat and contain 3.5 ounces of nature's healthy, seedless, refreshing treat.

There are **no additives or preservatives**.

Each grape goes thru an **Ozone rinse**, the most efficient way to kill food born pathogens, ensuring the purist possible end product.

## HEALTH BENEFITS

- Grapes are well-known **antioxidants**, a protector against heart disease, various age-related diseases, and certain types of cancer, such as breast, colon, stomach, oral, and leukemia.
- Grape skins contain **resveratrol**, which provides anti-inflammatory properties for protection against certain cancers, hearing loss, and the influenza virus.
- Consumption of the whole grape [ instead of the use of supplements ] is the most efficient way to benefit from their **phytonutrients**.

**\*CONVENTIONAL GRAPES AVAILABLE 12 MONTHS A YEAR!**

**\*ORGANIC GRAPES AVAILABLE JULY THRU NOVEMBER!**

## PACKING STYLES

- Currently there are 3 labels available; 'On the Go' and 'Grape Krunchers' for the **conventional** grapes and 'Green Label' for the **organics**.
- There are **60 cups per master carton**. The cartons can be packed with 15 sleeves containing 4 cups each or 10 sleeves containing 6 cups each.
- Each cup will contain a **minimum 3.5 ounces** net weight of grapes.
- There will be a sticker placed on each cup with the bar code, a 'keep refrigerated' statement, and a **'use by'** date.
